Breakfast. 0930hrs – Meet the guide and start with a jungle walk for 1 ½ hours up Teresik Hill. Walking along the boardwalk will reward you with a panoramic view of the tropical rainforest at the top of Teresek Hill. The guide will highlight to you the rich flora found enroute. On a clear day, you can see Mount Tahan, the highest mountain in Peninsular Malaysia. Before returning to the base, we will go on a canopy walkway, built 40 meters above the ground and 530 meters in length. You will experi-

ence the rainforest from a different perspective, as you will be closer to the top of the trees!

This afternoon, we will take a motorised boat to the cataracts of Lata Berkoh. There is a deep pool delightful for swimming, resting or reading on the rocky area overlooking the river. We will stop over at Lubuk Tenor Fish Sanctuary where a fascinating fish feeding experience awaits. Lubok Tenor, blessed with clear water (unless there is recent heavy rain) and many fish is the result of a successful ecotourism project involving local villagers and the government to create fish sanctuaries. Return to the resort. The boat will drift along the river quietly in search of wild birds and animals. However, sighting of wildlife is not guaranteed. Overnight.
